Akumulator Tattu R-Line 6.0 1700mAh 6S1P 22.2V 160C XT60 ST/SQ

Cena brutto	**194,99 zł**
Cena netto	**158,53 zł**
Dostępność	**Dostępny**
Czas wysyłki	**1 - 3 dni**
Producent	**Tattu**

Opis produktu

Akumulator Tattu R-Line 6.0 1700mAh 6S1P 22.2V 160C XT60 ST/SQ

1. Higher Energy Density, Safer Design

With a new lithium salt formula and semi-solid electrolyte, the battery reaches a volumetric energy density of **316Wh/L (+26%)** and a gravimetric energy density of **160Wh/kg (+17%)**. Reduced liquid content also means better safety and longer battery life.

2. Stable Power with 3D Conductive Tech

A combination of conductive graphite, carbon nanotubes, and graphene builds a solid 3D network, allowing efficient and steady high-current output. Power remains stable even during intense bursts.

3. Faster Response with Nano Materials

Nano-particle material and porous electrode structure shorten ion diffusion paths and reduce internal resistance (IR) by **20%**, enabling quicker throttle response and stronger bursts of power.

4. Stronger Structure, Better Durability

The improved internal design enhances heat dissipation and impact resistance. Whether you’re crashing in freestyle or pushing hard in a race, R-Line V6 stays dependable.

5. Same Performence, Two Shapes

- SQ Short Version: Focused center of gravity, improved handling.
- ST Stick Version: Standard dimensions, flexible placement.

Specifications

- Minimum Capacity: 1700mAh
- Configuration: 6S / 22.2V / 6 Cells
- Discharge Rate: 160C
- Net Weight(±20g): 246g
- Dimensions:
- Charge Plug: JST-XHR
- Discharge Plug: XT60

Wymiary:

Wersja ST
78.48x38.43x40.85mm(L x W x H)

Wersja SQ
72.18*43.34*41.24mm(L x W x H)

Produkt posiada dodatkowe opcje:

Wersja: SQ
