Opis produktu

Awesome canopy with PC material, gain all the advantages of tough, strong, flexible and heat-rersistant. With adjustable 25°-45° angle, this canopy is perfectly suitable for the EOS2 camera, and also compatible with Beta85X, Beta75X and Beta75 Pro 2. You can use it for DIY building of Beta75X or Beta75 Pro 2 with EOS2 camera.

Bullet Point

- This canopy is made of PC material, which is anti-ruin and heat-resistant, with high strength and toughness, provide well protection for the drone.
- Ajustable Angle: 25°- 45° adjustable so that it could support different flying situations (freestyle or racing alike).
- Thoughtful design on installation: Specially designed with EOS2 mounting holes and VTX mounting holes, no need to install the fixed mount anymore.
