Opis produktu

Gąbka NewBeeDrone Max Comfort do gogli DJI 2, Integra, Walksnail X Thiccc

Sponge - Thiccc

Introducing the Ultimate Goggles 2 Replacement Foam, a comfortable and highly elastic foam designed specifically for DJI Goggles 2 and Integra users. Our innovative design includes an increased height of the foam on both sides, effectively eliminating the problem of side light leakage and greatly reduces pressure on the face. The high compressibility of the foam ensures the optimal distance between the lens and the eyes resulting in clear images and text. The foam's increased height at the bottom also provides ample space for the nose, distributing the weight of the goggles evenly across the face instead of pressure on the nose. The ergonomic shape ensures a comfortable and snug fit while eliminating light leaks but still allows for ventilation so fogging is no longer an issue. Experience comfort and optimal functionality with the Goggles 2 foam.

Highlights

- Easy to apply and remove.
- Eliminates light leak with included, optional V Pad for the bridge of the nose.
- Made out of extra comfortable, Soft Touch NewBeeDrone Comfort Foam.
- Perfectly sculpted to fit all faces.
- The perfect thickness for comfort and goggle balance.

- **SPECS:**
  - Compatible with DJI Goggles 2 and DJI Integra Goggles.
  - Weight: 5.6g
