Opis produktu

Rama GepRC CineLog30 V3 cinewhoop

Summary

The GEP-CL30 V3 comes with an upgraded design, featuring an integrated protective guard custom-made for the O4 Air Unit Pro.
The frame’s cutouts provide a balance of heat dissipation and strength, while silicone dust plugs protect the O4 Air Unit Pro VTX and are easy to remove for quick binding and file access. Six screws enable fast disassembly, and the canopy is available in three colors for customization. The custome function board, buzzer, LED strip BEC, and anti-spark features. The underslung gimbal mount ensures smooth, stable footage.

Features

1. Cinelog series underslung gimbal mount for smooth footage with the O4 Air Unit PRO.
2. Multiple color options to personalize your Cinelog30 V3.
3. Aluminum reinforcement on the frame and cage for improved structural strength.
4. Canopy design effectively protects the O4 Air Unit PRO.
5. Data port dust plugs prevent dirt from blocking during takeoff and landing.
6. Only 6 screws hold the frame together, making assembly easy.
7. New 6-in-1 function board simplifies wiring and optimizes space inside.

Specification

- Model: GEP-CL30 V3 frame
- Frame Color: Black, Orange
- Canopy Color: Black, Orange, grey
- Frame Dimension: 3-inch
- Wheelbase Dimension: 128mm
- Carbon Fiber Plate Thickness: 2.5mm
