Opis produktu

Rama Rekon 10 PRO V2 10 cali LR O4 PRO

Product Features:
1. Unique triangular reinforcement structure provides a more stable flight platform and more thorough noise suppression.
2. The front features a CNC aluminum component, combining aesthetics with durability for better camera protection.
3. Customizable vibrant RGB lighting effects make flying more dynamic.
4. Adopts a detachable, vertically-mounted antenna design, compatible with the latest ELRS dual-frequency receivers for a more stable flight link.
5. The large 10-inch platform, designed for larger motors and professional equipment, is the ideal choice for extreme-condition flights and as a productivity tool.
