Opis produktu

RunCam Link zestaw z kamerą HD Night Eagle do DJI FPV SYSTEM (Vista) czarno-biała

8 CHANNELS, 8 DRONES

The HDL FPV Transmission system and the FPV Air Unit are equipped with eight frequency channels, which allow up to eight drones to fly simultaneously. Each operator has an exclusive channel. This helps to reduce cross-interference and provide an optimal racing experience.

Embedded Remote Controller Receiver

Users can wirelessly connect their DJI FPV Air Unit to the DJI FPV Remote Controller without having to purchase additional receivers. This reduces flight preparation time significantly.

SMALL SIZE,

powerful performance, back-illuminated Pixel technology ultra-high sensitivity sensor, with 11390 mV/Lux-sec starlight black and white image night vision effect.

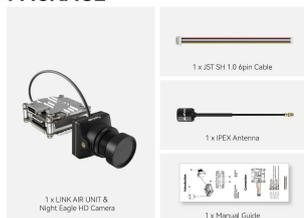

AT 1280 X 720 60FPS

resolution, the delay is as low as 32ms, which is suitable for freestyle flying.
