Opis produktu

Silnik Emax ECO II Series 2807

Silniki Emax ECO II to już druga odsłona popularnych budżetowych silników od marki Emax. Silniki te są cenione przez wielu pilotów za sprawą ich wytrzymałości oraz stosunku jakości do proponowanej ceny. Nowa seria Eco II posiada większe magnesy w porównaniu z ich poprzednią serią co przekłada się na bardziej responsywne reakcje oraz większą ilość obrotów na 1V. Oprócz tego generowany jest większy moment obrotowy oraz ciąg.

ECOII 2807 1300KV

| Motor type | The voltage (V) | Propeller | current (A) | thrust (G) | power (W) | efficiency (G/W) | speed (RPM) |
|-------------------|-----------------|---------------------------------|-------------|------------|-----------|------------------|-------------|
| ECOII-2807-1300KV | 25.2 | Gemfan7042 2-blade propeller | 2.2 | 300 | 55.44 | 5.41 | 8440 |
| | 25.2 | | 4 | 500 | 100.80 | 4.96 | 10550 |
| | 25.2 | | 5.4 | 700 | 136.08 | 5.14 | 12370 |
| | 25.2 | | 9.3 | 900 | 234.36 | 3.84 | 13960 |
| | 25.2 | | 12.4 | 1100 | 312.48 | 3.52 | 15360 |
| | 25.2 | | 47.9 | 2190 | 1207.08 | 1.81 | Max |

| Motor type | The voltage (V) | Propeller | current (A) | thrust (G) | power (W) | efficiency (G/W) | speed (RPM) |
|-------------------|-----------------|---------------------------------|-------------|------------|-----------|------------------|-------------|

Specyfikacja:
 Marka - Emax
 Model - Eco II series
 Rozmiar - 2807
 Ilość kv - 1300/1500/1700
 Długość przewodów - 120mm
 Otwory montażowe - 4x M3

Produkt posiada dodatkowe opcje:

KV: 1300KV , 1500KV
