Opis produktu

Uchwyt kamery Canopy DJI O4 Lite z absorberem drgań

Tailored for whoop drones, the Canopy for O4 Air Unit integrates BETAFPV's signature micro canopy design with optimized inner space and mounting holes for DJI O4 Air Unit's shock-absorbing components. Featuring an adjustable camera angle from 10° to 35°, it ensures perfect HD footage without capturing the frame or top cover. With standard 25.5mm x 25.5mm mounting holes, it also supports DIY customization, giving pilots the flexibility to build their ideal whoops for any flying scene.

Bullet Points

- Optimized for DJI O4 Air Unit: Incorporates Shock-absorbing Components for stable HD footage.
- Adjustable Camera Angle: 10° to 35° range to suit various shooting scenes.
- DIY-Friendly: Standard 25.5mm x 25.5mm mounting holes for customization flexibility.
- Classic BETAFPV Style: Retains the iconic Micro canopy design while protecting the camera.
